- Applications & ANSI Technical Specifications do not apply
- Product rated for Interior use only
- * Special Order only
- † May be suitable for Exterior Floors

Wet the back of the tile prior to setting. Apply thinset to both the substrate and the back of the tile using a notched trowel. It is recommended to install pattern tiles without an offset. This textured ceramic tile must be sealed prior to grouting. This tile is only intended for wall applications. Conduct a dry mock layout prior to installation to ensure the direction matches on all tiles.

Merchandising materials and samples are for general reference only and representative of a product's potential characteristics. Tile is subject to variation in color/shade, size, texture, and finish. Field, mosaic and trim tile may not match exactly. Blend tiles from different boxes to achieve consistent shade distribution. Installer and end user must conduct a dry mock layout under proper lighting conditions to inspect the product. Installation constitutes product acceptance. Improper installation, application, use, care and maintenance voids warranty. Reference the TCNA Handbook and ANSI for installation guidance. Please visit bedrosians.com for current product information. We reserve the right to make product changes at any time without notice.
