- * Special Order only

The mesh backing on this tile has minimal glue to allow greater thinset coverage. To prevent the mosaics from falling off the mesh, keep the sheets as dry as possible while cutting. If necessary, place a light clear adhesive tape over the sheet while cutting to avert water. Install full sheets as much as possible. Fully embed 1/3 thickness of the tiles into the premium modified thinset.

Merchandising materials and samples are for general reference only and representative of a product's potential characteristics. Tile is subject to variation in color/shade, size, texture, and finish. Field, mosaic and trim tile may not match exactly. Blend tiles from different boxes to achieve consistent shade distribution. Installer and end user must conduct a dry mock layout under proper lighting conditions to inspect the product. Installation constitutes acceptance of the product. Reference the TCNA, ANSI, Manufacturer's specifications, and Bedrosians Care & Maintenance Guide. Improper installation, application, use, care and maintenance voids warranty. We reserve the right to make product changes without notice. Please visit bedrosians.com for current product information.
